## Duvet Sewing

### Front

**Note:** The cover piecing is done with French seams for a nice inside finish.

1. With wrong sides together and using a ¼" (.64cm) seam, sew the long edges of the strips together in the following order (**Fig. 1**)

**Fabric A**

**Fabric B**

9½" (24.13cm) **Fabric C**

**Fabric D**

**Fabric E**

9½" (24.13cm) **Fabric C**

**Fabric F**

**Fabric D**

9½" (24.13cm) **Fabric C**

**Fabric B**

2. Trim the seam allowances to ⅛" (.32cm) and press to one side. Refold the fabrics **right** sides together with the previously sewn seam along the fold edge; press. Sew ¼" (.64cm) from the fold, encasing the previously sewn seam allowances (**Fig. 2**).

3. Repeat step 3 for all the seams on the duvet front.

## Back

- Following the steps above to make French seams, sew the back strips together in the following order (**Fig. 3**):

- 20" x 90" (50.80cm x 228.60cm) **Fabric G**
- 6" x 90" (15.24cm x 228.60cm) **Fabric C**
- 41½" x 90" (105.41cm x 228.60cm) **Fabric G**
- 6" x 90" (15.24cm x 228.60cm) **Fabric C**
- 20" x 90" (50.80cm x 228.60cm) **Fabric G**

## Finishing

- Finish the duvet cover top edges with zigzag or serging.
- Place the duvet front and back right sides together and mark a line 20" (50.80cm) in from each side along the top edge. Sew the duvet together using a 1" (2.54cm) seam allowance along the top edge, leaving the center open between the marks (**Fig. 4**). Press under the seam allowances in the opening.

- Sew one half of the hook-and-loop tape to each half of the center opening seam allowance, stitching around the tape and through all layers of the duvet cover (**Fig. 5**).

- With the duvet cover right sides together, sew around the sides and bottom edges using a ½" (1.27cm) seam allowance. Finish all the seam allowance edges with zigzag or serging.
- Cut the twill tape into (8) 15" (38.10cm) lengths.
- Sew four of the ties to the duvet cover bottom seam allowances, placing one in each corner and one tie about 20" (50.80cm) in from each side. Sew the remaining ties to the corresponding location on the actual duvet (**Fig. 6**).

- Turn the duvet cover right side out and press.
- Insert the duvet through the top opening with the ties at the bottom; tie in place and press the hook-and-loop tape closed.

## Pillowcase Sewing

**Note:** Seam allowances are  $\frac{1}{2}$ " (1.27cm).

1. Sew the short ends of the 9" x 41" (22.86cm x 104.14cm) **Fabric F** strips together. Press the seam allowances open. Fold the circle in half, wrong sides together, and press the fold to make the pillowcase band.
2. With right sides together, fold the 31" x 41" (78.74cm x 104.14cm) **Fabric A** rectangle in half to form a 20½" x 31" (52.07cm x 78.74cm) double rectangle. Stitch the long edges and one short end together (**Fig. 7**). Serge or zigzag finish the seam allowances together.

3. Turn the pillowcase body right side out and press.
4. With right sides together, slip the folded band over the pillowcase body, matching raw edges and the seam. Sew around the circle (**Fig. 8**). Serge or zigzag finish the seam allowances together. Press the seam allowances toward the pillowcase body.

5. Repeat steps 1-4 for to construct the second pillowcase.
